General product safety statement (Products not subject to CE-Marking)

Leica Microsystems (Schweiz) AG confirms that products placed on the market have been assessed with regard to applicable European product safety requirements and are designed and manufactured in accordance with the General Product Safety Regulation (EU) 2023/988.

For products that do not fall within the scope of EU harmonisation legislation requiring CE marking, CE marking is not applicable, and no EC/EU Declaration of Conformity is issued.

Where products do fall within the scope of applicable EU harmonisation legislation, Leica Microsystems (Schweiz) AG ensures that the CE marking is affixed as required and that the corresponding conformity assessment procedures and documentation are in place in accordance with the applicable legislation.

Based on risk assessments considering the intended use and reasonably foreseeable conditions of use, Leica Microsystems (Schweiz) AG takes appropriate measures to ensure that products placed on the market do not present any risk to the health or safety of users when used as intended.

Leica Microsystems (Schweiz) AG has taken all appropriate measures to ensure that only safe products are placed on the market, in accordance with Article 5 of Regulation (EU) 2023/988.
